FINANCIAL SERVICES COMMISSION OF ONTARIO

STATEMENT OF PRIORITIES

2000-2001

The Financial Services Commission of Ontario (FSCO) is an arm's-length agency of the Ministry of Finance. A regulatory and adjudicative body established under the *Financial Services Commission of Ontario Act, 1997*, it became fully operational as of July 1, 1998.

The creation of FSCO reflects the trend toward integration in the financial services marketplace. FSCO regulates insurance, pension plans, loan and trust companies, credit unions and caisses populaires, mortgage brokers and co-operatives. FSCO's mandate is to protect the public interest and enhance public confidence in the regulated sectors. To do this, FSCO works to deliver efficient and effective regulatory services that protect consumers and promote a stable, reliable and competitive industry.

FSCO is committed to being a vigilant, fair-minded and forward-looking regulatory agency with a constructive presence in Ontario's financial services marketplace. Its regulatory functions reassure consumers that insurance claims will be paid, the pension promise kept and deposits safeguarded - reinforcing public confidence, the foundation for the industry.

The structure of FSCO comprises three elements: the Commission or "Board," the Financial Services Tribunal, and the Superintendent of Financial Services and staff.

The Commission or "Board" has five members: the Chair and two Vice-Chairs appointed by the Lieutenant-Governor-in-Council; the Director of Arbitrations responsible for the automobile insurance dispute resolution system; and the Superintendent of Financial Services, who is also FSCO's Chief Executive Officer. The Board is responsible for publishing FSCO's annual Statement of Priorities and making recommendations to the Minister of Finance on matters affecting the regulated sectors.

The Financial Services Tribunal is an independent adjudicative body that hears appeals of regulatory decisions by the Superintendent and reviews proposed orders of the Superintendent. The Tribunal includes a Chair and two Vice-Chairs, who are also the Chair and Vice-Chairs of the FSCO Board, plus up to 12 members with experience and expertise in the regulated sectors. The Tribunal is committed to providing a decision-making process that meets high standards, is accessible and is guided by fair practices and procedures.

The Superintendent of Financial Services is responsible for general supervision of the regulated sectors. All FSCO staff report directly or indirectly to the Superintendent. The staff, who are civil servants under the *Public Service Act*, perform FSCO's day-to-day work.

In pursuing its mandate, FSCO maintains crucial relationships with a diverse range of stakeholders - including consumers, suppliers and administrators of financial services, financial services professionals and advisors, and other federal and provincial regulators. Under the legislation, FSCO is required to deliver to the Minister of Finance and publish by June 30 each year, a statement setting out its proposed priorities for the following fiscal year. The annual Statement of Priorities and the process used to develop it represent key vehicles for communication between FSCO and its stakeholders.

FSCO's first Statement of Priorities was published in the summer of 1998. This is FSCO's second Statement of Priorities, which covers the period April 1, 2000 to March 31, 2001. The statement incorpo-

rates comments received from FSCO's stakeholders earlier this year, as well as feedback received as a result of a Request for Submissions published by FSCO in THE ONTARIO GAZETTE on April 24, 1999.

PROGRESS REPORT

FSCO's first Statement of Priorities outlined a series of initiatives to achieve the overriding goal of protecting the interests of consumers. Substantial progress in implementing this agenda was made in the 1998-99 fiscal year.

The consolidation of the three predecessor organizations - the Ontario Insurance Commission, the Pension Commission of Ontario (PCO) and the Deposit Institutions Division of the Ministry of Finance - was successfully completed with a seamless transition for the regulated sectors. The integration of management from the three organizations was accomplished, along with the relocation of staff to a single location in north Toronto, a move designed to achieve cost savings for the new organization. The Financial Services Tribunal began operation, adopted interim rules of practice and procedure and held its first hearings.

In consultation with the industry, FSCO established a transparent decision-making process for pension applications formerly decided by the PCO but now determined by the Superintendent. A new process for developing pension policies to guide the application of the legislation was designed. The new policy process involves continued stakeholder participation.

To ensure FSCO's computer systems were prepared for the Year 2000, modifications were made to FSCO's computer systems. Contingency plans were developed to ensure continued delivery of critical programs and services in the event of any serious business disruptions arising as a result of the transition to the Year 2000. FSCO also raised awareness of the Year 2000 issue among the regulated sectors to encourage them to take proactive steps to prevent service disruption.

FSCO worked with the Ontario Securities Commission (OSC) to create a national forum of insurance, pension and securities regulators that will advance the harmonization and co-ordination of financial services regulation. The Joint Forum of Financial Market Regulators includes representatives from the Canadian Securities Administrators (CSA), the Canadian Council of Insurance Regulators (CCIR) and the Canadian Association of Pension Supervisory Authorities (CAPSA). The mandate of the Joint Forum is to coordinate and streamline the regulation of products and services in the Canadian financial markets. Some of the initiatives of the Joint Forum include the regulation of segregated funds and mutual funds, distribution structures, financial planning and information sharing.

An independent review of FSCO's process for the filing of rates and risk classification systems by auto insurers was conducted, and recommendations were made for increasing the cost-effectiveness and efficiency of the process. To better inform consumers, FSCO published a guide called *Shopping for Car Insurance*, which includes the results of insurers' first claims satisfaction surveys. FSCO also supported the government's two-year review of the automobile insurance system, which led to the tabling of fine-tuning legislative amendments in late 1998.

More than 180 submissions were received in response to the Discussion Paper on Regulation of Insurance Distribution and Co-ordination of Financial Services Regulation. Given the evolving national debate on regulatory structures in the financial services sector, FSCO decided not to proceed with the proposed industry-based regulatory body. However, FSCO will move on other issues raised in the paper, including licensing, consumer protection and co-ordination of financial services regulation.

FSCO established an Advisory Council to provide ongoing advice and recommendations on such matters as priorities, budgets, fees and assessment structures. Chaired by the Superintendent, the advisory group includes balanced representation from the communities of interest affected by FSCO.

PRIORITIES FOR 2000-2001

FSCO's strategic priorities for 2000-2001 are to:

- ✔ increase emphasis on consumer protection through education,
- ✔ improve operational effectiveness and service,
- ✔ simplify the regulatory environment,
- ✔ promote compliance, and
- ✔ strengthen FSCO as an organization.

While the priorities listed are for the next fiscal year, FSCO will begin working on them immediately. The following sections explain why these priorities have been adopted and how FSCO intends to address them.

INCREASE EMPHASIS ON CONSUMER PROTECTION THROUGH EDUCATION

FSCO's first Statement of Priorities, published last year, declared that protecting the interests of consumers - such as depositors, insurance policy-holders and pension plan members - is the fundamental purpose of financial services regulation and the reason FSCO exists. This principle remains valid.

In an increasingly complex marketplace, it is essential for consumers to understand the products and pricing being offered, as well as the opportunities and risks of investing in long-term financial security. Knowledgeable and informed consumers are the driving force in a competitive market: they demand top value and reward those who deliver it.

In recent months a strong consensus has emerged that consumer knowledge, information and skills must be increased. This was a theme sounded by both the MacKay Task Force Report on the Future of the Canadian Financial Services Sector and the Stromberg Report on Investment Funds in Canada and Consumer Protection.

To empower consumers, FSCO will increase emphasis on consumer education. One initiative will be an analysis of consumer information needs and how they are currently being met. FSCO will then work with industry, consumer and educational groups to develop a plan to facilitate efforts to fill gaps and improve consumer access to the right information at the right time.

FSCO's website at **www.fsco.gov.on.ca** is an important element in the focus on consumer education. The site's design will be made more user-friendly, and the consumer information content will be expanded. In the longer term, FSCO will explore interactive options and strategic linkages with related sites. In addition, FSCO will publish an up-to-date guide for pension plan members.

The Office of the Insurance Ombudsman will work with consumer and industry groups on new initiatives to assist consumers when buying insurance, making claims or resolving problems with insurers. The Office will set up a process for collecting data on complaints from insurance companies, as a basis for further planning.

In response to concerns raised during the two-year review of auto insurance legislation, FSCO will work with consumers and insurers to develop a plain language automobile policy disclosure form and a standard settlement disclosure form.

IMPROVE OPERATIONAL EFFECTIVENESS AND SERVICE

FSCO is accountable for the cost-effective use of the funds entrusted to it. The organization is committed to excellence in operations and strives to deliver timely, high-quality regulatory services while minimizing costs. Through continuous improvement in regulatory processes and business operations, FSCO will protect consumers more effectively and sustain a healthy, competitive marketplace.

A project team will continue with a review of all FSCO business processes and practices to improve FSCO's operational efficiency and reduce the industry's compliance costs. All branches of the organiza-

tion are participating in the review and redesign of processes to re-engineer and streamline operations while enhancing consumer protection. For example, FSCO is reviewing the regulatory process for the mortgage brokerage sector in close consultation with front-line practitioners, financial institutions and industry and consumer associations. FSCO will also develop and begin to implement a plan for conducting a review of the administration of the Pension Benefits Guarantee Fund. FSCO will move forward on its plans to establish a centralized service centre to handle inquiries and complaints from its external stakeholders.

At the same time, FSCO will develop and publish performance measures for all operations. Improved response time will be targeted for pension applications. Pension plan registration and wind-ups, for example, will be accelerated. The criteria for submitting automobile rate and risk classification filings under an expedited process will be expanded and filing guidelines will be simplified, following a recent consulting study on the filing process. The Financial Services Tribunal will develop performance measures and service standards for its adjudicative processes.

FSCO will make adjustments to the dispute resolution system for automobile accident benefits, in line with recommendations in an evaluation report by Hon. George Adams. While concluding that the system is working well, the report made suggestions for improvement. Recommendations focused on such areas as the need to revise timelines in the arbitration process to reduce delay, and the need to reconsider the strict divisions between mediation and arbitration given the substantial opportunity for mediation during the arbitration stage.

FSCO will continue to explore opportunities for applying a risk-based approach to supervision of all of the sectors it regulates. In the area of pensions, FSCO will implement a risk-based system for supervising the financial condition of pension plans. The initial steps will be to verify risk-assessment criteria for use in screening plans and selecting those requiring in-depth review. In designing and developing its overall approach, FSCO will take into consideration the model used by the federal Office of the Superintendent of Financial Institutions.

FSCO will promote the use of alternative dispute resolution principles and processes across the sectors it regulates.

SIMPLIFY THE REGULATORY ENVIRONMENT

To minimize costs and red tape while strengthening consumer protection, FSCO is working energetically to harmonize processes with other regulators. The financial services marketplace will function better if regulatory requirements can be co-ordinated and simplified to achieve greater consistency and reduce gaps and overlaps. While the role of an arm's-length regulator is to implement government legislation and policy directions, FSCO also advises the government on how to enhance the regulatory framework.

FSCO will continue to play a leadership role in the Joint Forum of Financial Market Regulators, the Canadian Council of Insurance Regulators (CCIR) and the Canadian Association of Pension Supervisory Authorities (CAPSA). In response to requests from the CCIR and CAPSA, FSCO has prepared business cases for the creation of permanent secretariats to support the ongoing work of these bodies. Costs will be shared by the participating jurisdictions, with Ontario's portion recovered from the industry. The secretariats will assist the regulators in strengthening consumer protection by delivering and managing initiatives to simplify regulations and harmonizing regulatory activities in consultation with the industry and other stakeholders.

The Joint Forum of Financial Market Regulators has initiated projects to address issues related to the regulation of segregated funds and mutual funds and financial planning activities. Work is also underway to develop an information sharing agreement.

CCIR is currently focusing harmonization efforts on two issues - a one-window approach for financial filings and the classification of different types of insurance. As part of CAPSA's ongoing commitment to pension harmonization, initiatives such as uniform timeframes for settlement of pension benefits, uniform rules for flexible pension plans, a model actuarial information summary form and a review of the Association of Canadian Pension Management's uniform pension legislation proposal will be undertaken.

In conjunction with the Ministry of Finance, FSCO will undertake a statutorily required five-year review of the *Credit Unions and Caisses Populaires Act* in consultation with stakeholders in the credit union and other financial services sectors who may be affected by recommendations resulting from the review. Based on this review, FSCO will make recommendations to the Minister of Finance on amendments to improve the effectiveness and administration of the Act. Also in the credit unions sector, FSCO and the Deposit Insurance Corporation of Ontario will set up a single on-site verification process to replace current examination and inspection activities. In addition, the two regulators will establish a one-window filing process for credit unions that will reduce duplication and facilitate electronic filing. FSCO will also simplify procedures for issuance of securities by co-operatives.

In recent years, Ontario and the federal government have significantly reduced overlap and duplication in regulating the loan and trust industry. FSCO will assist with the effort to determine what further steps can be taken in this direction.

The Ontario government is continuing consultations on amendments to Ontario's *Pension Benefits Act*. The Ministry of Finance and FSCO jointly developed a consultation paper on harmonization and streamlining of pension administration and regulation. FSCO will continue to support the government's commitment to review pension legislation.

As outlined in the Progress Report, FSCO will address a number of the issues raised in the Discussion Paper on Regulation of Insurance Distribution and Co-ordination of Financial Services Regulation. These include licensing issues, such as proficiency standards for life insurance agents, consumer protection issues, such as point-of-sale disclosure, and the co-ordination of financial services regulation.

FSCO and the Ministry of Finance will consult with the insurance industry and consumer groups on proposed regulatory and legislative changes affecting the sector. Technical amendments to the Statutory Accident Benefits Schedule and other regulations, flowing from the two-year review of auto insurance legislation, will be developed. Also in the area of insurance, discussion papers will be released on the concept of the appointed actuary and on prudent person investment rules.

At present, FSCO takes part in nearly three dozen stakeholder committees to identify and address regulatory issues. To facilitate more focused dialogue, FSCO will put in place a streamlined and effective consultation process with the financial services industry, consumers and other stakeholders.

PROMOTE COMPLIANCE

The overwhelming majority of non-compliance is attributable to lack of understanding of requirements. FSCO will therefore enhance guidance to the industry through intensified communications activities. Our aim is to promote willing compliance while, at the same time, violations of legislative and regulatory requirements will be dealt with.

A key objective for FSCO is to ensure that the regulated sectors have a clear understanding of their obligations through publicly-available policies and procedures. FSCO will continue to publish policies, rules and decisions regularly and post this information on its website.

The Financial Services Tribunal will review its rules of practice and procedure as well as adopt and review policies and practice directions as required.

FSCO will work with stakeholders to implement a plan for the ongoing review of all previously published pension policies, which guide the application of pension legislation. FSCO will also examine some major pension policy issues, including partial wind-ups, surplus policies, adverse amendments, investment disclosure requirements for defined contribution plans, plan governance, and risk-measurement criteria for monitoring funding. In addition, a series of focus groups will be held with pension stakeholders on operational matters such as common deficiencies in filings as identified by staff.

Following the recent consulting study on FSCO's rate filing process, FSCO will implement recommendations contained in a report on FSCO's rate and risk classification filing system.

FSCO will remain vigilant with respect to compliance and will investigate suspected violations and launch prosecutions where appropriate. Consumers will be advised of enforcement actions on a timely basis so they can make informed decisions. Information about enforcement activities will be posted on the FSCO website.

STRENGTHEN FSCO AS AN ORGANIZATION

As an integrated regulator, FSCO has the potential to deliver better co-ordinated regulation, increased cost-effectiveness and stronger consumer protection. FSCO is committed to realizing this potential by capitalizing on its financial, technological and human resources and taking advantage of synergies among its constituent elements.

FSCO operates on a cost recovery basis. In consultation with stakeholders, FSCO will recommend to the Minister of Finance a fee and assessment structure that will fairly apportion costs among the regulated sectors.

To keep pace with the constantly changing financial services business, FSCO will continue to build staff expertise and knowledge through an ongoing program of staff development, including partnerships with industry. A comprehensive research and education plan will be prepared to strengthen the capabilities of FSCO employees in the sectors they regulate. Under this plan, FSCO will support in-house and external training opportunities.

The Financial Services Tribunal will also develop and implement an orientation and training policy, as well as position descriptions and performance evaluations for its members.

A training and development program called FUTURES will provide senior FSCO staff with the opportunity to demonstrate leadership on corporate and organizational projects. The program is intended to allow the future managers of FSCO to acquire the skills and experiences necessary to advance their career goals as well as FSCO's business objectives.

FSCO will continue to deploy technology to increase the efficiency and effectiveness of regulatory services. The wider use of technology will be explored in the issuance of lending licenses and regulatory approvals for credit unions. Automobile insurers will be offered the option of electronic filing of rates and other information.

The Office of the Insurance Ombudsman encourages the industry to take primary responsibility for dealing with consumer complaints. A complaint-handling protocol has been established in all insurance companies, and the Office becomes involved only after the company process has been completed. FSCO plans to expand this complaint resolution system to other regulated sectors.

Preliminary work indicates that the electronic tracking system used by the Ombudsman's Office for tracking insurance complaints can be adapted to the business needs of other areas. The Office will work with other FSCO branches to prepare a business case for a centralized tracking system to consolidate data FSCO-wide. In addition, the Office of the Ombudsman will develop a process for addressing complaints from external stakeholders about FSCO's operations.

Finally, with the consolidation of three distinct organizations, each with a unique tradition and history, into one organization, it will be important to develop a cohesive cultural identity for FSCO. To achieve this goal, all FSCO staff will be invited to participate in the development of corporate values and a cultural identity which fosters an efficient, effective and professional organization.

COMMISSION DES SERVICES FINANCIERS DE L'ONTARIO

ÉNONCÉ DES PRIORITÉS

2000-2001

La Commission des services financiers de l'Ontario est un organisme autonome qui relève du ministère des Finances. Établi par la *Loi de 1997 sur la Commission des services financiers de l'Ontario*, cet organisme de réglementation et d'arbitrage est entré en fonction le 1er juillet 1998.

La création de la Commission fait suite à la tendance à l'intégration du marché des services financiers, puisque celle-ci est chargée de réglementer à la fois les assurances, les régimes de retraite, les sociétés de prêt et de fiducie, les caisses populaires et *credit unions*, les courtiers en hypothèques et les coopératives. Le mandat de la Commission consiste à veiller aux intérêts de la population et à susciter la confiance du public envers les secteurs réglementés. Pour ce, la Commission s'efforce de prodiguer des services efficaces qui permettent d'assurer aussi bien la défense des consommateurs que la constitution d'une industrie solide, fiable et concurrentielle.

La Commission s'efforce d'être un organisme de réglementation à la fois vigilant, équitable et tourné vers l'avenir justifiant d'une présence constructive dans le marché des services financiers de l'Ontario. Grâce à la réglementation qu'elle exerce, les consommateurs jouissent de la certitude que leurs demandes d'indemnité seront honorées par les assureurs, que la rente promise par leur régime de retraite sera effectivement payée et que l'argent qu'ils ont en dépôt sera sauvegardé. Tout cela renforce la confiance du public, pierre de touche de l'industrie.

Sur le plan de la structure, la Commission comprend trois entités : le Conseil, le Tribunal des services financiers et le surintendant ou la surintendante des services financiers et son personnel.

Le Conseil est formé de cinq membres, soit le président ou la présidente ainsi que deux vice-présidents nommés par le lieutenant-gouverneur en conseil, le directeur ou la directrice des arbitrages qui s'occupe du mécanisme de règlement des différends touchant l'assurance-automobile, et le surintendant ou la surintendante des services financiers, qui est également directeur général ou directrice générale de la Commission. Le Conseil est chargé de plusieurs responsabilités statutaires, notamment la publication annuelle de l'énoncé des priorités de la Commission, la prestation de services de réglementation et la présentation au ministre des Finances de recommandations sur des questions touchant les secteurs réglementés.

Le Tribunal des services financiers est un organisme d'arbitrage autonome qui est appelé à trancher sur les appels interjetés à l'endroit des décisions réglementaires prises par le surintendant ou la surintendante et qui passe en revue les ordonnances qu'il ou elle propose. Il est composé d'un président ou d'une présidente et de deux vice-présidents qui sont également le président ou la présidente et les vice-présidents du Conseil, auxquels s'ajoutent au maximum douze membres ayant de l'expérience et des connaissances dans les secteurs réglementés. Le Tribunal a adopté un mécanisme de prise de décisions qui répond à des normes élevées, qui est accessible et qui respecte des pratiques et méthodes justes.

Le surintendant ou la surintendante des services financiers assure la surveillance générale des secteurs réglementés. Le personnel de la

Commission - des fonctionnaires aux termes de la *Loi sur la fonction publique* - relève soit directement, soit indirectement du surintendant ou de la surintendante et est affecté aux tâches quotidiennes de la Commission.

Dans le cadre de l'accomplissement de son mandat, la Commission entretient des rapports extrêmement importants avec une vaste gamme d'intervenants, dont les consommateurs, fournisseurs et conseillers de ces services, les professionnels et administrateurs des services financiers ainsi que d'autres organismes de réglementation fédéraux et provinciaux. Tous les 30 juin, la Commission est tenue par la loi d'élaborer un énoncé des priorités proposées pour l'année financière suivante et de le remettre au ministre des Finances. Cet exercice et son aboutissement représentent pour la Commission des occasions exceptionnelles de communiquer avec les intervenants.

Le premier énoncé des priorités de la Commission a été publié pendant l'été 1998. Le présent document est le deuxième énoncé, qui porte sur la période du 1er avril 2000 au 31 mars 2001 et qui tient compte des commentaires envoyés par les intervenants au début de l'année et des réactions reçues à la suite d'un appel de mémoires publié par la Commission dans LA GAZETTE DE L'ONTARIO le 24 avril 1999.

RAPPORT INTÉRIMAIRE

Le premier énoncé des priorités de la Commission décrivait une série d'initiatives adoptées en vue d'atteindre l'objectif prioritaire de la défense des intérêts des consommateurs. Au cours de l'année financière 1998-1999, nous avons fait d'immenses progrès vers la mise en œuvre de ce mandat.

Le regroupement des trois organismes qui précédaient la Commission, soit la Commission des assurances de l'Ontario, la Commission des régimes de retraite de l'Ontario et la Division des établissements de dépôt du ministère des Finances, s'est déroulé sans heurts pour les secteurs réglementés. L'intégration de la gestion de ces trois organismes s'est accompagnée du regroupement du personnel à des bureaux situés dans le nord de Toronto afin d'aider à économiser de l'argent. Le Tribunal des services financiers est entré en fonctions, a adopté des règles temporaires de pratique et de procédure et a tenu ses premières audiences.

En consultation avec l'industrie, la Commission a créé un processus de prise de décisions transparent touchant les demandes de pensions qui relevaient auparavant de la Commission des régimes de retraite mais qui sont désormais tranchées par le surintendant ou la surintendante. Nous avons rédigé de nouvelles méthodes d'élaboration de politiques pour les régimes de retraite afin de contribuer au respect de la loi. Le nouveau processus exige que les intervenants participent à tous les aspects du travail.

La Commission a apporté des modifications à ses systèmes informatiques afin de les préparer en vue de l'an 2000. Elle a mis au point des plans d'intervention d'urgence qui lui permettront de continuer à fournir les programmes et services essentiels en cas de problèmes associés au passage à l'an 2000. La Commission s'est également efforcée de sensibiliser les secteurs réglementés à l'égard du bogue du millénaire et de les inciter à prendre des mesures immédiates pour éviter toute perturbation dans la prestation des services.

La Commission a collaboré avec la Commission des valeurs mobilières de l'Ontario à la constitution d'une tribune nationale des organismes de réglementation des assurances, des régimes de retraite et des valeurs mobilières afin de contribuer à l'harmonisation et la coordination de la réglementation des services financiers. Le Groupe de discussion conjoint des organismes de réglementation des marchés financiers comprend des représentants de Canadian Securities Administrators (CSA), du Conseil canadien des responsables de la réglementation d'assurancé (CCRRA) et de l'Association canadienne des organismes de contrôle des régimes de retraite (ACOR). Son mandat consiste à coordonner et à rationaliser la réglementation des produits et services offerts sur les marchés financiers canadiens. Parmi ses initiatives, mentionnons la réglementation des caisses en gestion distincte et des fonds communs de placement, des structures de distribution, de la planification financière et de la divulgation de l'information.

On a mené un examen indépendant des méthodes de la Commission relativement à la tarification et aux systèmes de classification du risque dans les compagnies d'assurance-automobile, et on a déposé des recommandations visant à rendre le système plus économique et efficace. Pour mieux informer les consommateurs, la Commission a publié un guide intitulé « L'achat d'une assurance-automobile » qui comprend les résultats des premières enquêtes menées par les assureurs sur la satisfaction des clients en matière de règlement des demandes. La Commission a également donné son appui à l'examen de deux ans entrepris par le gouvernement sur le système d'assurance-automobile, qui a mené, à la fin de 1998, au dépôt de modifications visant à peaufiner la loi.

Nous avons reçu plus de 180 mémoires en réponse au document de discussion sur la réglementation de la distribution des assurances et la coordination de la réglementation des services financiers. Compte tenu du débat qui a lieu à l'échelle nationale sur les structures réglementaires du secteur des services financiers, la Commission a décidé d'abandonner l'idée de former un organisme de réglementation composé de membres de l'industrie. Toutefois, la Commission agira à l'égard des autres enjeux évoqués dans le mémoire, notamment l'octroi de permis, la défense des intérêts des consommateurs et la coordination de la réglementation des services financiers.

La Commission a formé un conseil consultatif chargé d'offrir des conseils et des recommandations sur des questions telles que les priorités, les budgets, les droits perçus et les structures de cotisation. Placé sous la direction de la surintendante, le groupe consultatif comprend un nombre équilibré de représentants de toutes les communautés d'intérêt touchées par la Commission.

PRIORITÉS POUR 2000-2001

La Commission a opté pour les priorités stratégiques suivantes en 2000-2001 :

- ✔ renforcer la défense des intérêts des consommateurs par la diffusion de l'information;
- ✔ améliorer l'efficacité du fonctionnement ainsi que le service;
- ✔ simplifier le contexte de la réglementation;
- ✔ améliorer le respect;
- ✔ renforcer les assises organisationnelles de la Commission.

Quoique ces priorités concernent l'année prochaine, la Commission commencera dès maintenant à travailler à leur mise en œuvre. Dans les paragraphes suivants, nous expliquons la raison d'être de ces priorités et comment la Commission entend les appliquer.

RENFORCER LA DÉFENSE DES INTÉRÊTS DES CONSOMMATEURS PAR LA DIFFUSION DE L'INFORMATION

Dans son premier énoncé des priorités publié l'an passé, la Commission déclarait que la défense des intérêts des consommateurs, qu'il s'agisse des déposants, des souscripteurs de polices d'assurance ou des participants à un régime de retraite, constitue la raison fondamentale de la réglementation des services financiers et la raison d'être de la Commission. Ce principe n'a cessé d'être valide.

Dans un marché à la complexité croissante, il est essentiel pour les consommateurs de bien comprendre les produits et les taux offerts, ainsi que les chances et les risques présentés par l'investissement dans des instruments financiers à long terme. Des consommateurs éclairés et informés forment le moteur d'un marché concurrentiel : ils exigent un excellent rapport qualité-prix et récompensent ceux qui le leur offrent.

Depuis quelques mois il se forme un consensus solide selon lequel il faut accroître les connaissances, les capacités et les aptitudes des consommateurs. C'est un thème que l'on retrouve aussi bien dans le rapport du groupe d'étude MacKay sur l'avenir du secteur canadien des services financiers que dans le rapport Stromberg sur les fonds de placement au Canada et la protection des consommateurs.

Pour habiliter les consommateurs, la Commission mettra de plus en plus l'accent sur leur éducation. Parmi les initiatives prévues, mentionnons l'analyse des besoins en information manifestés par les consommateurs et la mesure dans laquelle ces besoins sont remplis. La Commission travaillera alors avec les groupes de l'industrie, des consommateurs et d'éducateurs afin d'élaborer un plan qui facilitera les efforts accomplis en vue de combler les fossés et d'améliorer l'accès des consommateurs à l'information pertinente à point nommé.

Le site Web de la Commission (**www.la Commission.gov.on.ca**) constitue un élément important de cette orientation vers l'information des consommateurs. La conception du site deviendra plus conviviale, et nous y intégrerons plus de renseignements qui leur sont destinés. À long terme, la Commission explorera des options visant l'interactivité et l'insertion d'hyperliens stratégiques avec des sites apparentés. D'autre part, la Commission publiera un guide mis à jour à l'intention des participants aux régimes de retraite.

Le Bureau de l'ombudsman des assurances travaillera avec les groupes représentant les consommateurs et l'industrie sur des nouvelles initiatives visant à aider les gens qui souscrivent des polices d'assurance, qui présentent des demandes d'indemnité ou qui ont maille à partir avec les assureurs. Le Bureau mettra sur pied un processus permettant de recueillir des données sur les plaintes des compagnies d'assurances qui constitueront le fondement des futurs efforts de planification.

En réponse aux inquiétudes évoquées au cours des deux années qu'a duré l'examen de la loi régissant l'assurance-automobile, la Commission travaillera de concert avec les consommateurs et les assureurs à l'élaboration d'une attestation de police et d'une divulgation de règlement rédigées en langage clair.

AMÉLIORER L'EFFICACITÉ DU FONCTIONNEMENT AINSI QUE LE SERVICE

La Commission est redevable de l'utilisation économique des fonds qui lui sont confiés. L'organisme est engagé envers l'excellence de ses opérations et s'efforce d'offrir des services réglementaires pertinents et de qualité élevée tout en minimisant les coûts. Grâce à l'amélioration constante des processus de réglementation et des opérations commerciales, la Commission protégera les intérêts des consommateurs de manière plus efficace et favorisera un marché sain et concurrentiel.

Une équipe de projet poursuivra la révision de tous les processus et pratiques d'affaires de la Commission afin d'améliorer son efficacité opérationnelle et de réduire les coûts de mise en œuvre engagés par l'industrie. Toutes les divisions de l'organisme participent à la révision et à la refonte des processus afin de remanier et de rationaliser les opérations tout en améliorant la protection des consommateurs. Par exemple, la Commission passe en revue le processus réglementaire du secteur des courtiers en hypothèques en concertation étroite avec les professionnels des services, les institutions financières et les associations de membres de l'industrie et de consommateurs. La Commission élaborera et mettra en œuvre un plan visant l'examen de l'administration du Fonds de garantie des prestations de retraite. La Commission s'efforcera de faire avancer son projet d'établir un centre de services centralisés pour recevoir les demandes et plaintes émanant d'intervenants externes.

En même temps, la Commission élaborera et publiera des paramètres d'évaluation du rendement pour toutes les opérations. En ce qui concerne les demandes de pension, on visera l'amélioration des délais de réponse. Les enregistrements et liquidations de régimes, par exemple, seront accélérés. On élargira les critères de soumission des taux d'assurance-automobile et de classification du risque selon un processus accéléré et on simplifiera les directives de dépôt suite à une étude de consultation récemment menée sur le processus de dépôt. Le Tribunal des services financiers élaborera des critères d'évaluation de la performance et des normes de service pour ses processus d'arbitrage.

La Commission apportera des modifications au système de règlement des différends pour les prestations d'accident automobile, conformément aux recommandations émises dans un rapport d'évaluation rédigé par l'honorable George Adams. Tout en concluant que le système fonctionne bien, le rapport contient des suggestions quant à son amélioration. Les recommandations portent sur des domaines tels que la révision des délais du processus d'arbitrage afin de remédier aux retards et remet en question la division stricte qui sépare la médiation de l'arbitrage, compte tenu des chances importantes de médiation qui se présentent pendant l'étape de l'arbitrage.

La Commission continuera à chercher des occasions d'avoir recours à une approche fondée sur le risque pour la supervision de tous les secteurs qu'elle réglemente. En ce qui concerne les régimes de retraite, la Commission mettra sur pied un système fondé sur le risque pour surveiller leur situation financière. Pour commencer, on se penchera sur les critères d'évaluation du risque qui sont utilisés pour trier les régimes et on sélectionnera ceux des régimes qui nécessitent un examen approfondi. Au moment de concevoir et d'élaborer une approche globale, la Commission tiendra compte du modèle utilisé par le Bureau du surintendant des institutions financières à l'échelon fédéral.

La Commission encouragera le recours aux principes et processus du règlement extrajudiciaire des conflits dans tous les secteurs réglementés par elle.

SIMPLIFIER LE CONTEXTE DE LA RÉGLEMENTATION

Voulant minimiser les coûts et les démarches administratives tout en renforçant la défense des intérêts des consommateurs, la Commission travaille d'arrache-pied à l'harmonisation des processus avec les autres organismes de réglementation. Le marché des services financiers fonctionnera mieux si les exigences réglementaires sont coordonnées et simplifiées afin d'atteindre une plus grande uniformité tout en comblant les écarts et en réduisant les chevauchements. Le rôle d'un organisme de réglementation autonome est de mettre en œuvre les lois et orientations politiques du gouvernement, mais la Commission est également appelée à conseiller ce dernier au sujet du renforcement du cadre de la réglementation.

La Commission continuera à jouer un rôle de leader dans le Groupe de discussion conjoint des organismes de réglementation des marchés financiers, le Conseil canadien des responsables de la réglementation d'assurance (CCRRA) et l'Association canadienne des organismes de contrôle des régimes de retraite (ACOR). En réponse à des demandes du CCRRA et de l'ACOR, la Commission a préparé des cas concrets à l'appui de la création de secrétariats permanents afin de soutenir le travail de ces organismes. Les coûts seront partagés par les autorités participantes, et la portion de l'Ontario sera récupérée auprès de l'industrie. Les secrétariats aideront les organismes de réglementation à renforcer la défense des intérêts des consommateurs grâce à la prestation et à la gestion d'initiatives visant à simplifier les règlements et à harmoniser les activités réglementaires en concertation avec l'industrie et les autres intervenants.

Le Groupe de discussion a lancé des projets en vue d'aborder les enjeux touchant la réglementation des caisses en gestion distincte et des fonds communs ainsi que les activités de planification financière. Il est également en train d'élaborer une entente de partage de l'information.

Le CCRRA oriente présentement ses efforts d'harmonisation autour de deux pôles : un service à guichet unique pour les dépôts de documents financiers d'une part, et la classification des différents types d'assurance d'autre part. Les initiatives en cours de l'ACOR dans le cadre de son engagement permanent envers l'harmonisation des régimes de retraite comprennent la mise en place de calendriers harmonisés de règlement des prestations de retraite, des règles uniformes pour les régimes de retraite souples, un modèle de sommaire des renseignements actuariels et un examen du projet de loi uniforme sur les pensions présenté par l'Association canadienne des administrateurs de régimes de retraite.

De concert avec le ministère des Finances, la Commission entreprendra l'examen quinquennal prévu par les règlements de la *Loi sur les caisses populaires et les credit unions*, en consultation avec les intervenants du secteur des caisses populaires et avec les autres secteurs de services financiers pouvant être touchés par les recommandations émises à l'issue de cet exercice. Ensuite, la Commission présentera des recommandations au ministère des Finances concernant

les amendements visant à améliorer l'efficacité et l'administration de la Loi. Dans ce même secteur toujours, la Commission et la Société ontarienne d'assurance-dépôts mettront sur pied un processus unique de vérification sur les lieux qui remplacera les activités actuelles d'examen et d'inspection. En outre, ces deux organismes établiront un processus de dépôt à guichet unique pour les caisses populaires qui permettra de réduire le dédoublement et de faciliter le dépôt électronique des rapports. La Commission simplifiera également ses procédures régissant l'émission de valeurs mobilières par les coopératives.

Au cours des dernières années, l'Ontario et le gouvernement fédéral ont grandement réduit le chevauchement et le dédoublement qui touchaient l'industrie du prêt et des fiducies. La Commission s'efforcera également de déterminer les autres démarches pouvant être entreprises dans ce sens.

Le gouvernement de l'Ontario poursuit ses consultations sur les modifications à la *Loi sur les régimes de retraite* de l'Ontario. Le ministère des Finances et la Commission ont conjointement rédigé un document de consultation sur l'harmonisation et la rationalisation de l'administration et de la réglementation des régimes de retraite. La Commission continuera à soutenir l'engagement du gouvernement en vue de passer en revue les lois sur les pensions.

Comme il est décrit dans le rapport préliminaire, la Commission soulèvera plusieurs des enjeux évoqués dans le document de discussion sur la réglementation de la distribution de l'assurance et la coordination de la réglementation des services financiers. Parmi ces enjeux, évoquons ceux touchant l'émission de permis comme les normes de compétence des agents d'assurance-vie, la défense des intérêts des consommateurs comme la divulgation au lieu même de la vente, et la coordination de la réglementation des services financiers.

La Commission et le ministère des Finances se concerteront avec l'industrie des assurances et avec des groupes de défense des consommateurs sur les changements réglementaires et législatifs qui touchent le secteur. Ils mettront au point les amendements techniques au tableau des prestations d'accident statutaires et d'autres règlements rendus nécessaires par l'examen de deux ans de la législation sur l'assurance-automobile. En outre, des documents de discussion seront publiés sur le concept de l'actuaire nommé et sur les règles d'investissement de la personne prudente.

À l'heure actuelle, la Commission participe à une bonne trentaine de comités d'intervenants afin d'identifier et de relever les enjeux liés à la réglementation. Pour orienter le dialogue, la Commission mettra sur pied un processus de consultation rationalisé et efficace avec l'industrie des services financiers, les consommateurs et d'autres intervenants.

ENCOURAGER LA CONFORMITÉ

L'immense majorité des cas de non-respect est liée à la méconnaissance des exigences. Par conséquent, la Commission améliorera l'orientation au sein de l'industrie grâce à des activités de communication intensifiées. Nous visons à promouvoir le respect volontaire tout en nous montrant prêts à châtier les infractions aux exigences de la loi et des règlements.

Un grand objectif de la commission est de s'assurer que les secteurs réglementés comprennent bien leurs obligations grâce à des politiques et méthodes diffusées de manière publique. La Commission continuera à publier des politiques, des règles et des décisions de façon régulière et diffusera cette information sur son site Web.

Le Tribunal des services financiers passera en revue ses règles de pratique et ses méthodes tout en adoptant et en révisant ses politiques et orientations pratiques au besoin.

La Commission travaillera avec les intervenants en vue de mettre en œuvre un plan visant l'examen constant de toutes les politiques de retraite publiées auparavant qui déterminent l'application de la loi sur les pensions. La Commission examinera également certains des grands enjeux touchant les politiques de pension, dont les liquidations partielles, les amendements adverses, les exigences de divulgation des placements pour les régimes à cotisations prédéterminées, l'administration des régimes et les critères de mesure du risque pour surveiller le financement. En outre, on organisera une série de groupes d'étude avec les intervenants des régimes de retraite sur des questions opérationnelles comme les déficiences courantes des dépôts qui sont identifiées par le personnel.

Suite à l'étude de consultation récente sur le processus de dépôt de la Commission, celle-ci mettra en œuvre les recommandations émises dans un rapport sur son système de classification du risque et de tarification.

La Commission continuera à surveiller la conformité en menant des enquêtes sur toute violation suspectée et en intentant des procès au besoin. Les consommateurs seront promptement avisés des mesures de mise en œuvre afin de pouvoir prendre des décisions éclairées. Les renseignements au sujet de toutes ces activités seront diffusés sur le site Web de la Commission.

RENFORCER LES ASSISES ORGANISATIONNELLES DE LA COMMISSION

À titre d'organisme de réglementation intégré, la Commission offre la possibilité d'assurer la prestation d'une réglementation mieux coordonnée, d'une efficacité accrue et d'une défense renforcée des intérêts des consommateurs. Elle est engagée à concrétiser ce potentiel en profitant de ses ressources financières, technologiques et humaines ainsi que des synergies présentes entre ses éléments constitutifs.

La Commission fonctionne selon les principes de la récupération des coûts. En consultation avec les intervenants, elle recommandera au ministre des Finances de mettre en place un barème de droits et de cotisations qui répartira les frais de façon équitable entre les secteurs réglementés.

Pour soutenir le rythme trépident de l'évolution du domaine des services financiers, la Commission continuera à perfectionner les connaissances de son personnel par le biais d'un programme de mise en valeur continue des ressources humaines, notamment en formant des partenariats avec l'industrie. Un plan exhaustif de recherche et d'éducation sera préparé pour renforcer les capacités des employés de la Commission dans les secteurs réglementés. Grâce à ce plan, la Commission pourra présenter des séances de formation externe et à l'interne.

Le Tribunal des services financiers prévoit également élaborer et mettre en œuvre une politique d'orientation et de formation, ainsi que des descriptions de poste et des critères d'évaluation du rendement pour ses membres.

Un programme de formation et de mise en valeur intitulé FUTURES permettra à la direction de la Commission d'avoir la chance de faire preuve de leadership en matière de projets organisationnels. Ce programme est conçu pour permettre aux futurs cadres de la Commission d'acquérir les compétences et les expériences nécessaires pour faire progresser leurs objectifs de carrière tout en respectant les objectifs commerciaux de la Commission.

La Commission continuera à se servir de moyens technologiques pour accroître l'efficacité des services de réglementation. Le recours accru à la technologie facilitera éventuellement l'émission de permis de prêts et d'approbations réglementaires pour les caisses populaires. Les compagnies d'assurance-automobile auront la possibilité d'effectuer le dépôt électronique de leurs tarifs et autres renseignements.

Le Bureau de l'ombudsman des assurances encourage l'industrie à assumer la plus grande part de responsabilité à l'égard des plaintes des consommateurs. Un protocole de traitement des plaintes a été établi dans toutes les compagnies d'assurances, et le Bureau n'intervient qu'après l'achèvement du processus de la compagnie. La Commission veut étendre ce système aux autres secteurs réglementés.

Les travaux préliminaires indiquent que le système de suivi électronique utilisé par le Bureau de l'ombudsman pour les plaintes en matière d'assurance peut être adapté aux besoins d'autres secteurs. Le Bureau collaborera avec d'autres divisions de la Commission afin de préparer un cas concret pour la centralisation d'un système de suivi permettant de regrouper les données à l'échelle de la Commission. En outre, le

Bureau de l'ombudsman mettra au point un processus permettant de résoudre les plaintes d'intervenants externes au sujet des opérations de la Commission.

Enfin, avec le regroupement de trois organismes séparés, chacun doté d'une tradition et d'un historique distincts, en une seule organisation, il sera important de développer une identité culturelle cohérente pour la Commission. Pour ce, tout le personnel de la Commission sera invité à participer à l'élaboration des valeurs de l'organisme et d'une identité culturelle qui encourage une organisation efficace et professionnelle.

AVIS

MODIFICATION DU TAUX D'INTÉRÊT

1. À compter du 1er juillet 1999, le taux d'intérêt applicable sur les paiements insuffisants, sur les paiements en trop et sur les subventions pour l'expansion des petites entreprises administré par le ministère des Finances est fixé à 10% pour les paiements insuffisants et 5% pour les paiements en trop. Ce taux d'intérêt touche les lois suivantes :

Loi sur la taxe de vente au détail
Loi sur les droits de cession immobilière
Loi sur l'imposition des corporations
Loi sur les droits successoraux
Loi de la taxe sur les carburants
Loi sur l'impôt foncier provincial
Loi de la taxe sur le pari mutuel
Loi de la taxe sur l'essence
Loi de l'impôt sur l'exploitation minière
Loi de la taxe sur le tabac
Loi sur l'impôt prélevé sur les employeurs relatif aux services de santé
Loi de l'impôt sur les concentrations commerciales

et

Loi sur les sociétés pour l'expansion des petites entreprises.

Tel qu'annoncé dans le budget de l'Ontario de 1998, des changements seront apportés afin de faire passer le taux d'intérêt au taux préférentiel sur les montants remboursés aux contribuables dont les questions fiscales, selon le processus d'opposition et d'appel, sont réglées en leur faveur. De plus amples détails seront fournis dans le prochain «Avis de changement concernant les taux d'intérêt», en attendant les changements réglementaires requis.

2. Les tableaux ci-dessous indiquent les taux d'intérêt respectifs applicables aux périodes écoulées dans les cinq années se terminant le 30 juin 1999, ainsi que les nouveau taux maintenant en vigueur.

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs*, préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs*, préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

EA File No.: NR-AA-04

Subcondition 19 (1) of Exemption Order MNR-59/2 (the "order") for the above undertaking (the "undertaking"), which was published as *Ontario Regulation 83/94*, as extended by notices published in *The Ontario Gazette* on January 6, 1996, February 15, 1997, July 19, 1997 and August 1, 1998, provides that the order expires on June 30, 1999, except that the Minister of the Environment may extend this expiry date by notice in *The Ontario Gazette*.

TAKE NOTICE that the exemption for the undertaking has been extended to provide time for the Ministry of Natural Resources (MNR) to obtain an approval for the undertaking. This does not affect the possibility of future extensions under condition 19(1) of the order. The order now expires on November 2, 1999 unless MNR, by November 1, 1999, submits a Terms of Reference (ToR) for preparation of a class environmental assessment (class EA) for the undertaking. If MNR so submits a ToR, the order expires on the date a decision to approve the class EA is made or 60 days after a decision to not approve the class EA is made. However, if MNR has not submitted the class EA before July 1, 2001, the order expires on June 30, 2001.

Condition 19 will, in effect, now read:

19 (1) Despite subconditions (2) to (4), the Minister of the Environment, upon written request of MNR, may extend the expiry date of this order by notice in *The Ontario Gazette*.

(2) If MNR has not submitted the ToR by November 1, 1999, this order expires November 2, 1999.

(3) If MNR has submitted the ToR by November 1, 1999, this order expires on the date the Lieutenant Governor in Council approves the decision to approve the class EA, or, in the event the decision is to not approve the class EA, this order expires 60 days after the date the Lieutenant Governor in Council approves the decision.

(4) Despite subcondition (3), if this order does not expire on November 2, 1999, and the proponent has not, before July 1, 2001, submitted the class EA, this order expires June 30, 2001.

All other terms and conditions remain the same.

Dated at Toronto, this 30th day of June, 1999.

TONY CLEMENT,
(6474) 29 Minister of the Environment.

ONTARIO REGULATION 380/99
made under the
MUNICIPAL ACT

Made: June 29, 1999
Filed: June 30, 1999

Amending O. Reg. 434/98
(Part XXII.1 of the Act—Capping of Taxes for Certain Property Classes for 1998, 1999 and 2000)

Note: Ontario Regulation 434/98 has previously been amended. Those amendments are listed in the Table of Regulations in the Statutes of Ontario, 1998.

1. Ontario Regulation 434/98 is amended by adding the following section:

REDUCTIONS IN RESPECT OF SCHOOL TAXES FOR THE CITY OF TORONTO FOR 1999

1.0.1 (1) This section sets out the reductions under paragraph 4 of subsection 447.15 (1) of the Act for 1999 for the City of Toronto in respect of reductions in taxes for school purposes.

(2) The reductions for property in the commercial property class are as follows:

1. If the uncapped 1999 taxes for a property exceed the 1997-level taxes for the property by more than 4.8 per cent, the increase shall be reduced by 4.8 per cent.

2. If the uncapped 1999 taxes for a property exceed the 1997-level taxes for the property by 4.8 per cent or less, the 1997-level taxes shall be equal to uncapped 1999 taxes.

3. With respect to the properties not referred to in paragraphs 1 or 2, the difference between the 1997-level taxes and the uncapped 1999 taxes shall be apportioned among those properties in such a way that they all have the same percentage reduction.

(3) The education tax cut (class) for property in the commercial property class shall be determined as follows:

1. Determine the 1999 rate reduction for the City of Toronto referred to in subsection 4 (4) of Ontario Regulation 400/98 for the commercial property class.

2. Determine the 1999 assessment as follows:

   A. If a reduction under section 368.1 of the Act applies, determine the assessment of all property in the commercial property class in the City of Toronto, as set out on the 1999 assessment rolls, as returned, and reduce it by an amount equal to the assessment with respect to which the percentage reduction in section 368.1 of the Act applies multiplied by that percentage reduction.

   B. Otherwise, determine the assessment of all property in the commercial property class in the City of Toronto, as set out on the 1999 assessment rolls, as returned.

3. Multiply the 1999 rate reduction by the 1999 assessment.

4. Subtract from that product the total reductions provided to all properties referred to in paragraphs 1 and 2 of subsection (2).

(4) Subsections (2) and (3) also apply, with necessary modifications, with respect to a property in the industrial property class.

(5) The reductions for property in the multi-residential property class are as follows:

1. If the uncapped 1999 taxes for a property exceed the 1997-level taxes for the property by less than 5 per cent, the 1997-level taxes shall be equal to the uncapped 1999 taxes.

2. For any property not referred to in paragraph 1, the difference between the 1997-level taxes and the uncapped 1999 taxes shall be apportioned among those properties in such a way that they all have the same percentage reduction.

(6) The education tax cut (class) for property in the multi-residential property class shall be determined as follows:

1. Determine the assessment for all property in the multi-residential property class in the City of Toronto, as set out on the 1999 assessment rolls, as returned.

2. Multiply that amount by 0.00046.

3. Deduct from the product the total reductions provided to all properties referred to in paragraph 1 of subsection (5).

(7) In this section,

"1997-level taxes" means the 1997-level taxes determined under section 447.17 of the Act;

"uncapped 1999 taxes" means the taxes for municipal and school taxes that would have been imposed in 1999 but for the application of Part XXII.1 of the Act.

2. The Regulation is amended by adding the following sections:

UNFINISHED PORTION OF NEW BUILDING BUILT AFTER 1997

3. If subsection 447.10 (2) of the Act applies to a property and the assessment set out in the assessment roll for the year for the property includes assessment in the subclass for vacant units and excess land prescribed in section 21 of Regulation 282/98 made under the *Assessment Act* for the property class the property is in, the following rules apply:

1. The total assessment shall be increased so that it equals the assessment set out in the assessment roll for the year multiplied by the factor for the property class prescribed in the Table to section 2.

2. The vacant commercial assessment shall be determined in accordance with subsection 447.12 (2) of the Act.

3. The commercial assessment shall be the increased total assessment, determined under paragraph 1, minus the vacant commercial assessment, determined under paragraph 2.

4. The business assessment shall be the commercial assessment, determined under paragraph 3, multiplied by the average business rate determined under section 447.13 of the Act.

ADJUSTMENTS FOR MIXED USE PROPERTIES FOR 1998, 1999 AND 2000

4. If, as a result of a settlement under section 39.1 of the *Assessment Act* or an appeal under section 40 of that Act, the portions of a property that are classified in different property classes on the assessment roll are altered from those on which the frozen assessment listing under section 447.6 of the Act for the property was determined under paragraph 2 of section 447.22 of the *Municipal Act* for 1998, 1999 or 2000, the frozen assessment listing under section 447.6 of the *Municipal Act* for the year shall be determined by apportioning the amounts among the portions of the property in the same proportions as the portions that are classified in different property classes on the assessment roll as altered by the settlement or appeal, as the case may be.

DETERMINATION OF TAX LIABILITY FOR CHANGES MADE UNDER SECTION 447.23 OF THE ACT

5. Subject to subsection 447.23 (2) of the Act, the tax liability of a property to which section 447.23 of the Act applies shall be determined in accordance with section 447.15 of the Act, except that,

(a) if subsection 447.10 (3) of the Act is not to be taken into account to determine the increase in assessment, section 447.19 of the Act does not apply; and

(b) if subsection 447.10 (3) of the Act is to be taken into account to determine the increase in assessment, section 447.19 of the Act does apply as if the supplementary assessment were a separate property.

VACANCY CHANGES FOR 1998

6. For the purposes of subsection 447.5 (4) of the Act, any change to the assessment of property in the subclass for vacant units and excess land prescribed in section 21 of Ontario Regulation 282/98 made under the *Assessment Act* for the property class the property is in from the assessment of the property in the subclass that is set out on the 1998 assessment roll, as returned, as a result of a settlement under section 39.1 of the *Assessment Act*, an appeal under section 40 of that Act, an application under section 46 of that Act or an application under section 442 of the *Municipal Act*, the municipality shall adjust the frozen assessment listing for 1998 as provided under section 447.12 of the *Municipal Act*.

PROPERTY EXEMPT FROM PART XXII.1 OF THE ACT

7. The following property is exempt from Part XXII.1 of the Act with respect to the 1999 and 2000 taxation years:

1. Land owned by a designated electrical utility and by a municipal electrical utility, both as defined in subsection 19.0.1 (5) of the *Assessment Act*, to which subsection 19.0.1 (1) of that Act applies.

SCHOOL BOARD RATES FOR NEW PROPERTIES

8. (1) This section applies to the determination of 1997 commercial and residential mill rates to be levied on property to which the following provisions of the Act apply:

1. Sections 447.7 and 447.9.

2. Subsection 447.10 (2).

(2) This section also applies to the determination of the 1997 commercial mill rates to be levied on property where there is an increase in commercial assessment under subsection 447.12 (3) of the Act.

(3) If property is added to the frozen assessment listing under sections 447.7 and 447.9 of the Act or the assessments in the frozen assessment listing for a year are determined under subsection 447.10 (2) of the Act, the 1997 commercial mill rate to be applied to the property under paragraph 1 of subsection 447.16 (2) of the Act shall be determined as follows:

1. Multiply the commercial mill rate that was levied in 1997 for the purposes of each school board that, in 1997, had territorial jurisdiction in the City of Toronto (established on January 1, 1998) by the percentage, as set out in the Table to this section, of the assessment that was taxable for the purposes of that school board as specified in the Table.

2. Add the products determined under paragraph 1.

3. Add the commercial mill rates for municipal purposes that would have been levied on the property in 1997 if commercial mill rates had been levied on the property in that year.

(4) If there is an increase in commercial assessment under subsection 447.12 (3) of the Act, the 1997 commercial mill rate, determined under subsection (3), shall be applied to the amount of the increase in commercial assessment and business assessment.

(5) Subsection (3) applies, with necessary modifications, to determine the residential mill rate to be applied to property under paragraph 2 of subsection 447.16 (2) of the Act.

(2) The uncapped 1998 taxes for a property in one of the commercial classes in a municipality shall be increased by an amount determined in accordance with the following:

. . . . .

PART II.1
SCHOOL TAX REDUCTION FOR 1999 UNDER DIVISION B OF PART XXII.2 OF THE ACT

2. Determine the 1999 assessment as follows:

   A. If a reduction under section 368.1 of the Act applies, determine the assessment of all property in the commercial property class in the municipality, as set out on the 1999 assessment roll or rolls, as returned, and reduce it by an amount equal to the assessment with respect to which the percentage reduction in section 368.1 of the Act applies multiplied by that percentage reduction.

   B. Otherwise, determine the assessment for all property in the commercial property class in the municipality, as set out on the 1999 assessment roll or rolls, as returned.

3. Multiply the 1999 rate adjustment by the 1999 assessment.

4. Add the amount for the commercial classes for the municipality set out in Table 1.

12. Multiply the 1998 tax rate for school purposes levied by the municipality for each of the commercial classes by the quotient determined under paragraph 11.

13. Determine the 1999 assessment as follows:

    A. If a reduction under section 368.1 of the Act applies, determine the assessment of all property in each of the commercial classes in the municipality, as set out on the 1999 assessment roll or rolls, as returned, and reduce it by an amount equal to the assessment with respect to which the percentage reduction in section 368.1 of the Act applies multiplied by that percentage reduction.

    B. Otherwise, determine the assessment for all property in each of the commercial classes in the municipality, as set out on the 1999 assessment roll or rolls, as returned.

14. Multiply the tax rate determined under paragraph 12 by the 1999 assessment for each of the commercial classes.

15. Subtract the product determined under paragraph 14 from the amount determined under paragraph 1 for each of the commercial classes.

16. Add the amount set out in Table 1 as distributed by the municipality for 1998 to each of the commercial classes.

(4) Subsections (1) to (3) also apply, with necessary modifications, with respect to a property in one of the industrial classes.

(5) The 1997-level taxes for a property in the multi-residential property class shall be reduced by an amount obtained by multiplying 0.00046 by the assessment for the property, as set out on the 1999 assessment roll, as returned.

PART III.1
SCHOOL TAX REDUCTION FOR 1999 UNDER DIVISION C OF PART XXII.2 OF THE ACT

9. This Part provides for the adjustment to be made under paragraph 4 of subsection 447.59 (1) of the Act in respect of changes in taxes for school purposes for 1999 in municipalities other than lower-tier municipalities.

9.1 (1) The 1997-level taxes for a property in one of the commercial classes shall be reduced as follows:

1. If the commercial classes in a municipality comprise only the commercial property class, determine the education tax cut (class) in accordance with subsection (2).

2. If the commercial classes in a municipality comprise the commercial property class and another property class, determine the education tax cut (class) in accordance with subsection (3).

3. Divide the education tax cut (class), as determined under paragraph 1 or 2, as the case may be, by the 1997-level taxes with phase-in (class), as defined in subsection 8 (1).

4. Multiply that quotient by the 1997-level taxes with phase-in (property), as defined in subsection 8 (1).

(2) If the commercial classes in a municipality comprise only the commercial property class, the education tax cut (class) shall be determined as follows:

1. Determine the 1999 rate adjustment for a municipality in accordance with subsection 4 (3) of Ontario Regulation 400/98 and add any further reduction specified for the municipality under any subsection of section 4 of that Regulation.

2. Determine the 1999 assessment as follows:

    A. If a reduction under section 368.1 of the Act applies, determine the assessment of all property in the commercial property class in the municipality, as set out on the 1999 assessment roll or rolls, as returned, and reduce it by an amount equal to the assessment with respect to which the percentage reduction in section 368.1 of the Act applies multiplied by that percentage reduction.

    B. Otherwise, determine the assessment for all property in the commercial property class in the municipality, as set out on the 1999 assessment roll or rolls, as returned.

3. Multiply the 1999 rate adjustment by the 1999 assessment.

4. Add the amount for the commercial classes in the municipality set out in Table 1.

(3) If the commercial classes in a municipality comprise the commercial property class and another property class, the education tax cut (class) for each of the commercial classes shall be determined as follows:

1. Determine the tax rate set by the municipality in 1998 in each of the commercial classes.

2. Determine the 1999 assessment for each of the commercial classes as follows:

    A. If a reduction under section 368.1 of the Act applies, determine the assessment of all property in each of the commercial classes in the municipality, as set out on the 1999 assessment roll or rolls, as returned, and reduce it by the amount equal to the assessment with respect to which the percentage reduction in section 368.1 of the Act applies multiplied by that percentage reduction.

    B. Otherwise, determine the assessment for all property in each of the commercial classes in the municipality, as set out on the 1999 assessment roll, as returned.

3. Multiply the tax rate under paragraph 1 by the amount of the assessment for each of the commercial classes.

4. Total the amount of the tax determined under paragraph 3 for all of the commercial classes.

5. Total the amount of the assessment under paragraph 2 for all of the commercial classes.

6. Divide the amount determined under paragraph 4 by the amount determined under paragraph 5.

7. Subtract 0.033000 from the product determined under paragraph 6.

8. Divide the difference by 7.

9. Multiply the quotient determined under paragraph 5 by 0.98.

10. Subtract the quotient determined under paragraph 8 from the product determined under paragraph 9.

11. Subtract from the amount determined under paragraph 10 any further reduction specified for the municipality under section 4 of Ontario Regulation 400/98.

12. Divide the amount determined under paragraph 11 by the quotient determined under paragraph 5.

13. Multiply the 1998 tax rate for school purposes levied by the municipality for each of the commercial classes by the quotient determined under paragraph 12.

14. Determine the 1999 assessment as follows:

A. If a reduction under section 368.1 of the Act applies, determine the assessment of all property in each of the commercial classes in the municipality, as set out on the 1999 assessment roll or rolls, as returned, and reduce it by an amount equal to the assessment with respect to which the percentage reduction in section 368.1 of the Act applies multiplied by that percentage reduction.

B. Otherwise, determine the assessment for all property in each of the commercial classes in the municipality, as set out on the 1999 assessment roll or rolls, as returned.

15. Multiply the tax rate determined under paragraph 13 by the 1999 assessment for each of the commercial classes.

16. Subtract the product determined under paragraph 15 from the amount determined under paragraph 1 for each of the commercial classes.

17. Add the amount set out in Table 1 as distributed by the municipality for 1998 to each of the commercial classes.

(4) Subsections (1) to (3) also apply, with necessary modifications, with respect to a property in one of the industrial classes.

(5) The 1997-level taxes for a property in the multi-residential property class shall be reduced by an amount obtained by multiplying 0.00046 by the assessment for the property, as set out on the 1999 assessment roll, as returned.

PART IV.1
MUNICIPAL TAX ADJUSTMENT FOR 1999 UNDER DIVISION B OF PART XXII.2 OF THE ACT

16.1 (1) This Part provides for adjustments to be made under paragraph 5 of subsection 447.47 (1) of the Act in respect of changes in taxes for municipal purposes for 1999.

(2) For the purposes of this Part, the tax rate for property with respect to which a by-law under section 368.2 of the Act applies is the tax rate that would have applied if section 368.2 of the Act did not apply.

16.2 (1) The 1997-level taxes for a property shall be increased by the adjustment determined under subsection (2) if that adjustment is positive and shall be decreased by the adjustment determined under subsection (2) if that adjustment is negative.

(2) Determine the adjustment referred to in subsection (1) by multiplying the 1999 adjustment fraction determined under subsection (3) by the 1997-level taxes for municipal and school purposes for the property determined under paragraph 2 of subsection 447.47 (1) of the Act, as adjusted under paragraph 3 of that subsection, excluding 1997-level taxes for municipal and school purposes on land that, in 1997 or 1998, was in territory without municipal organization.

(3) Subject to subsection (6), determine the 1999 municipal adjustment fraction using the formula A + (A × B) + B where,

(a) A is the fraction determined under subsection (4); and

(b) B is the fraction determined under subsection (5).

(4) Determine A by using the formula,

$$\frac{\text{Actual 1998 municipal rate} - \text{1998 rate to raise the 1997 levies}}{\text{1998 rate to raise the 1997 levies} + \text{Actual 1998 education rate}} + \text{Multi-residential adjustment}$$

where,

"Actual 1998 municipal rate", "1998 rate to raise 1997 levies", "Actual 1998 education rate" and "Multi-residential adjustment" all have the same meaning as in subsection 11 (2).

(5) Determine B using the formula,

$$\frac{\text{Actual 1999 municipal rate} - \text{Actual 1998 municipal rate}}{\text{Actual 1998 municipal rate} + \text{Actual 1999 education rate}}$$

where,

(a) the actual 1999 municipal rate for a property class and a local municipality is the sum of each 1999 tax rate for municipal purposes on property in the property class in the local municipality other than those tax rates for the purpose of a special local municipality levy or a special upper-tier levy that applies to less than 50 per cent of the total assessment of property in the property class in the local municipality taxable for municipal purposes;

(b) the actual 1998 municipal rate is the actual 1998 municipal rate determined under section 12; and

(c) the actual 1999 education rate is the tax rate for school purposes set out in subsection 4 (2) of Ontario Regulation 400/98, without any further reduction that may be required under section 4 of that Regulation.

(6) This Part does not apply with respect to a municipality if a restructuring order that came into effect on January 1, 1999 was made under the *Municipal Act* with respect to the municipality.

. . . . .

PART V.1
MUNICIPAL TAX ADJUSTMENT FOR 1999 UNDER DIVISION C OF PART XXII.2 OF THE ACT

18.1 (1) This Part provides for adjustments to be made under paragraph 5 of subsection 447.59 (1) of the Act in respect of changes in taxes for municipal purposes for 1999.

(2) Section 16.2 applies, with necessary modifications, with respect to adjustments to which this Part applies except that,

(a) the 1997-level taxes for municipal and school purposes referred to in subsection 16.2 (2) shall be calculated as though Division B of Part XXII.2 of the Act applied; and

(b) no adjustment shall be made under paragraph 3 of subsection 447.47 (1) of the Act in respect of a 1998 tax decrease phase-in.

2. Section 19 of the Regulation is amended by adding the following subsections:

(3) Despite subsection (2), July 31, 1999 is prescribed as the later deadline for the County of Victoria for the purposes of subparagraphs i and ii of paragraph 3 of subsection 447.44 (5) of the Act.

(4) Despite subsection (2), July 31, 1999 is prescribed as the later deadline for the Cities of Elliot Lake and Pembroke and the Municipality of Chatham-Kent for the purposes of subparagraph ii of paragraph 3 of subsection 447.44 (5) of the Act.

3. Subsection 20 (1) of the Regulation is amended by adding the following paragraph:

2. Land owned by a municipal electrical utility, as defined in clause 88 (d) of the *Electricity Act, 1998*, or a designated electrical utility, as defined in subsection 19.0.1 (5) of the *Assessment Act*, to which subsection 19.0.1 (1) of that Act applies.

4. The Regulation is amended by adding the following sections:

24.1 (1) Subsection 24 (2) Applies For 1999 With Respect To Property Described In Subsection 24 (1) As If The Fraction "1/3" Set Out In The Formula Read "2/3".

(2) Subsection 24 (2) applies for 2000 with respect to property described in subsection 24 (1) as if the fraction "1/3" set out in the formula read "1".

UNORGANIZED TERRITORY ADDED TO A MUNICIPALITY IN 1999

24.2 (1) This section applies, for 1999, with respect to property that, on December 31, 1998, was territory without municipal organization but that, on January 1, 1999, was part of a municipality set out in Table 6.1.

(2) For the purposes of subsection 447.47 (1) and 447.59 (1) of the Act, the 1997 commercial mill rate for a property in one of the commercial or industrial classes shall be equal to the sum of the commercial mill rate for school purposes levied on the property for 1997, plus one-third of the municipal proxy determined under subsection (3).

(3) For the purposes of subsection (2), the municipal proxy for a property shall be determined in accordance with the following:

$$\text{municipal proxy} = \text{1997 municipal tax rate} \times \frac{\text{1999 assessment (class)}}{\text{1997 assessment (class)}} \times 1,000$$

where,

"1997 municipal tax rate" means A divided by B, where

A = the total municipal taxes for 1997 on all property that, for 1998,

(i) is in one of the commercial classes or industrial classes,

(ii) is not subject to a tax reduction under section 368.1 of the Act, and

(iii) in 1997, was in one or more predecessor municipalities, and

B = the total assessment set out in the assessment roll for 1998, as returned, for those properties;

"1997 assessment (class)" means,

(a) the assessment, as set out in the assessment roll for 1997 as most recently revised for property that,

(i) for 1998, is in one of the commercial or industrial classes and not subject to a tax reduction under section 368.1 of the Act, and

(ii) in 1997, was in territory without municipal organization, or

(b) if there was no such assessment for 1997, the assessment, as set out in the assessment roll for 1998 as returned for the property, multiplied by the factor identified on Table 4 for the unorganized portion of the municipality and property class the property is in;

"1999 assessment (class)" means the assessment, as set out in the assessment roll for 1999, as returned, for property that,

(a) is in one of the commercial or industrial classes not subject to a tax reduction under section 368.1 of the Act, and

(b) was, in 1998, in territory without municipal organization;

"predecessor municipality", means, in relation to property, a municipality that existed in 1997 all or part of which in 1999 forms, for municipal purposes, part of the municipality in which the property is located in 1999.

(4) For the purposes of subsections 447.47 (1) and 447.59 (1) of the Act, the 1997 residential mill rate for property that is in one of the commercial or industrial classes and that is subject to a tax reduction under section 368.1 of the Act is,

(a) the 1997 residential mill rate determined under subsection (5), if the territory without municipal organization in which the property was located contained property in the multi-residential property class; and

(b) 85 per cent of the commercial mill rate determined under subsection (2), otherwise.

(5) For the purposes of subsections 447.47 (1) and 447.59 (1) of the Act, the 1997 residential mill rate for a property in the multi-residential property class in 1999 shall be equal to the sum of the residential mill rate for school purposes levied on the property for 1997, plus one third of the municipal proxy determined under subsection (6).

(6) For the purposes of subsection (5), the municipal proxy for a property shall be determined in accordance with the following:

$$\text{municipal proxy} = \text{1997 municipal tax rate} \times \frac{\text{1999 assessment (class)}}{\text{1997 assessment (class)}} \times 1,000$$

where,

"1997 municipal tax rate" and "1997 assessment (class)" have the same meaning as in subsection 24 (3);

"1999 assessment (class)" means the assessment, as set out in the assessment roll for 1999, as returned, for property in the multi-residential property class that was, in 1997, in territory without municipal organization.

5. Subsection 26 (1) of the Regulation is amended by striking out "for a property in respect of which" and substituting "for a property in one of the commercial classes in respect of which".

6. Subsection 27 (1) of the Regulation is amended by striking out "for a property in respect of which" and substituting "for a property in one of the commercial classes in respect of which".

7. Section 32 of the Regulation is revoked and the following substituted:

32. Subject to subsection 447.23 (2) of the Act, the tax liability of a property to which section 447.23 of the Act applies shall be determined in accordance with section 447.47 of the Act, except that,

(a) if subsection 447.10 (3) of the Act is not taken into account to determine the increase in assessment, section 447.51 of the Act does not apply; and

(b) if subsection 447.51 (3) of the Act is taken into account to determine the increase in assessment, section 447.51 of the Act does apply as if the supplementary assessment were a separate property.

8. The Regulation is amended by adding the following sections:

UNFINISHED PORTION OF NEW BUILDING BUILT AFTER 1997

34. If subsection 447.10 (2) of the Act applies to a property and the assessment set out in the assessment roll for the year for the property includes assessment in the subclass for vacant units and excess land prescribed in section 21 of Regulation 282/98 made under the *Assessment Act* for the property class the property is in, the following rules apply:

1. The total assessment shall be increased so that it equals the assessment set out in the assessment roll for the year multiplied by the factor for the property class prescribed in Table 4.

2. The vacant commercial assessment shall be determined in accordance with subsection 447.12 (2) of the Act.

3. The commercial assessment shall be the increased total assessment, determined under paragraph 1, minus the vacant commercial assessment, determined under paragraph 2.

4. The business assessment shall be the commercial assessment, determined under paragraph 3, multiplied by the average business rate determined under section 447.13 of the Act.

ADJUSTMENTS FOR MIXED USE PROPERTIES FOR 1998, 1999 AND 2000

35. If, as a result of a settlement under subsection 39.1 of the *Assessment Act* or an appeal under section 40 of that Act, the portions of a property that are classified in different property classes on the assessment roll are altered from those on which the frozen assessment listing under section 447.6 of the *Municipal Act* (as made applicable by section 447.38 of that Act) for the property was determined under paragraph 2 of section 447.22 of the *Municipal Act* (as made applicable by section 447.39 of that Act) for 1998, 1999 or 2000, the frozen assessment listing under section 447.6 of the *Municipal Act* for the year shall be determined by apportioning the amounts among the portions of the property in the same proportions as the portions that are classified in different property classes on the assessment roll as altered by the settlement or appeal, as the case may be.

SCHOOL BOARD RATES FOR NEW PROPERTIES

36. (1) This section applies to the determination of 1997 commercial and residential mill rates to be levied on property to which the following provisions of the Act apply:

1. Sections 447.7 and 447.9.

2. Subsection 447.10 (2).

(2) This section also applies to the determination of the 1997 commercial mill rates to be levied on property where there is an increase in commercial assessment under subsection 447.12 (3) of the Act.

(3) Where property is added to the frozen assessment listing under sections 447.7 and 447.9 of the Act or the assessments in the frozen assessment listing for a year are determined under subsection 447.10 (2) of the Act, the 1997 commercial mill rate to be applied to the property under paragraph 1 of subsections 447.48 (2) and 447.60 (2) of the Act shall be determined as follows:

1. Multiply the commercial mill rate that was levied in 1997 for the purposes of each school board that, in 1997, had territorial jurisdiction in the municipality in which the property is located by the percentage, as set out for the municipality in Table 8, of the assessment that was taxable for the purposes of that school board as specified in the Table.

2. Add the products determined under paragraph 1.

3. Add the commercial mill rates for municipal purposes that would have been levied on the property in 1997 if commercial mill rates had been levied on the property in that year.

(4) Where the provisions of subsection (2) apply, the 1997 commercial mill rate, determined under subsection (3), shall be applied to the amount of the increase in commercial assessment and business assessment.

(5) Subsection (3) applies, with necessary modifications, to determine the residential mill rate to be applied to property under paragraph 2 of subsections 447.48 (2) and 447.60 (2) of the Act.

9. The Regulation is amended by adding the following Tables:

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs,* préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

JAMES STEVENSON GILCHRIST
Minister of Municipal Affairs and Housing

Dated at Toronto on this 30th day of June, 1999.

ORDER OF THE COMMISSION MADE UNDER THE *MUNICIPAL ACT*, R.S.O. 1990, c.M45, AS AMENDED

CLARIFICATON AND DIRECTION

WHEREAS on the 23rd day of February, 1999 an order was made, pursuant to the *Municipal Act*, R.S.O. 1990, c. M45, by the Commissioner appointed by the Minister of Municipal Affairs and Housing to inquire into and develop a proposal for the restructuring of the Townships of Magnetewan and Hagerman, and the geographic (unorganized) townships of McKenzie, Burton, East Burpee, Ferguson, Spence and Ferrie;

AND WHEREAS since the coming into effect of that order, certain questions have arisen regarding the terms of the said order and its application to certain specific situations that have developed in the restructured area;

AND WHEREAS it is deemed expedient by the Commissioner to issue a direction to clarify the terms of the said order as to its application in the specific circumstances that have arisen

NOW THEREFORE, the Commissioner advises and directs as follows:

1. With respect to section 2 of the order, it will meet the intent of this section that if, on or before June 30, 1999, a proposal has been submitted for the Minister's signature, whereby the Township of Ferguson will be annexed by the Township of McDougall. In that event, the February 23, 1999 order shall be implemented without reference to the Township of Ferguson.

2. With respect to sections 4 and 18, and in particular, paragraphs 4.3 and 18.3, the elections must conform to the Election Regulation as defined in the Order. Accordingly, there can be no advance poll, and the election as called for in those sections shall be in accordance with section 14.1 of the Election Regulation, and in particular, subsection (4) thereof.

3. It is acknowledged that the former Township of Magnetewan has had a Public Utilities Commission (herein referred to as "the PUC"). It is further acknowledged that the Province of Ontario has in place the *Electricity Act, 1998* which mandates certain reorganization to take place of municipal public utilities commissions. In the event of the transfer, sale or other disposition of the assets of the PUC, prior to December 1, 2003, the funds received from same that reasonably relate to the assets that were purchased and/or supported by the ratepayers of a particular geographic area of the former Township of Magnetawan shall be paid into a reserve to be established by the former Township for the area served by the PUC and may or may not be designated for a special purpose, and shall be dealt with generally pursuant to Section 27 of the Order.

(2) Le règlement administratif précise le taux des impôts provisoires à prélever sur les biens imposables de chaque catégorie de biens dans chaque territoire réputé une municipalité de district qui est situé dans le territoire de compétence du conseil.

3. (1) Sous réserve du paragraphe (2), les règlements administratifs prévus à l'article 2 qui prélèvent des impôts provisoires sont adoptés au cours de l'année pour laquelle les impôts définitifs doivent être prélevés.

(2) Les règlements administratifs prévus à l'article 2 qui prélèvent des impôts provisoires peuvent être adoptés au mois de décembre de l'année précédente s'ils prévoient que leur date d'entrée en vigueur tombe un jour précisé de l'année pour laquelle les impôts définitifs doivent être prélevés.

4. (1) Les impôts provisoires qui doivent être prélevés aux termes du règlement administratif sont assujettis aux restrictions suivantes :

1. Le taux de l'impôt provisoire à prélever sur les biens d'une catégorie de biens doit être fixé, pour chaque territoire réputé une municipalité de district, de sorte que la somme visée en i ne soit pas supérieure à celle visée en ii :

   i. la somme totale recueillie aux termes du règlement administratif sur tous les biens qui appartiennent à la catégorie de biens et se trouvent dans le territoire réputé une municipalité de district,

   ii. 50 pour cent de la somme totale recueillie pour l'année précédente par le prélèvement, aux termes de l'article 257.7 de la Loi et de l'article 21.1 de la *Loi sur l'impôt foncier provincial*, d'impôts sur tous les biens qui, pendant l'année courante, appartiennent à la catégorie de biens et se trouvent dans le territoire réputé une municipalité de district.

2. Pour chaque territoire réputé une municipalité de district, les taux des impôts provisoires qui frappent les différentes catégories de biens doivent avoir entre eux la même proportion qu'ont entre eux le total des impôts définitifs prélevés aux termes de l'article 257.7 de la Loi et le total des impôts définitifs prélevés aux termes de l'article 21.1 de la *Loi sur l'impôt foncier provincial* à l'égard de ces catégories de biens de ce territoire pour l'année précédente.

(2) Pour l'application de la sous-disposition 1 ii du paragraphe (1), la somme totale recueillie pour l'année précédente est redressée conformément aux règles suivantes :

1. Si des impôts n'ont été prélevés que pour une partie de l'année précédente parce que l'évaluation a été ajoutée au rôle de perception en cours d'année, il lui est ajouté une somme égale aux impôts supplémentaires qui auraient été prélevés si les impôts avaient été prélevés pour l'année entière.

2. The amount shall be decreased by the amount of deferrals and rebates under sections 7 and 8 of Ontario Regulation 509/98 for the previous year.

3. The amount shall be increased by any taxes that were deferred under section 7 of Ontario Regulation 509/98, but were due in respect of the previous year.

(3) If a by-law is passed before the assessment roll for taxation in the current year is returned, the calculations in respect of interim tax rates for the current year required by subsection (1) shall be based on the assessment according to,

(a) the assessment roll for taxation for the previous year as most recently revised before the by-law is passed; or

(b) a preliminary assessment roll provided by the Ontario Property Assessment Corporation for the purpose.

5. (1) If the by-law is passed before the assessment roll for taxation in the current year is returned, the tax rates specified in it shall be levied on,

(a) taxable property as shown in the assessment roll relied on under subsection 4 (3); and

(b) if the by-law so provides, taxable property added, after the by-law is passed, to the collector's roll for taxation for the current year.

(2) If the by-law is passed after the assessment roll for taxation in the current year is returned, the tax rates specified in it shall be levied on,

(a) taxable property as shown in that assessment roll, as most recently revised before the by-law is passed; and

(b) if the by-law so provides, taxable property added, after the by-law is passed, to the collector's roll for taxation for the current year.

6. (1) An amount levied under the by-law on a property for a year shall be deducted from the other amounts levied on the property for the year that are payable to the levying board.

(2) If the amount levied under the by-law on a property for a year exceeds the total of the amounts levied on the property for the year that are payable to the levying board, the treasurer of the board shall refund the excess amount not later than 21 days after giving notice of the demand for the final taxes payable under section 257.7 of the Act and section 21.1 of the *Provincial Land Tax Act* for the year.

7. (1) This section applies in respect of properties on which rates under both section 257.7 of the Act and section 21.1 of the *Provincial Land Tax Act* are levied.

(2) For the purposes of sections 257 and 257.10 of the Act and for the purposes of subsection 21.1 (7) of the *Provincial Land Tax Act*, the interim amount levied on a property under the by-law for the current year shall be apportioned between taxation under section 257.7 of the Act and taxation under section 21.1 of the *Provincial Land Tax Act* in the same proportion in which the tax rates under each were levied in the previous year on properties that in the previous year were in the property class that the property is in in the current year.

JANET L. ECKER
Minister of Education

Dated on July 5, 1999.

2. Il en est déduit le montant des reports et des remises prévus aux articles 7 et 8 du Règlement de l'Ontario 509/98 qui se rapporte à l'année précédente.

3. Il lui est ajouté les impôts éventuels qui ont été reportés aux termes de l'article 7 du Règlement de l'Ontario 509/98 mais qui étaient exigibles à l'égard de l'année précédente.

(3) Si le règlement administratif est adopté avant le dépôt du rôle d'évaluation lié à l'imposition de l'année courante, les calculs relatifs aux impôts provisoires de l'année courante qu'exige le paragraphe (1) se fondent sur l'évaluation qui figure, selon le cas :

a) au rôle d'évaluation lié à l'imposition de l'année précédente, dans sa version révisée la plus récente qui est en vigueur avant l'adoption du règlement administratif;

b) au rôle d'évaluation préliminaire que fournit la Société ontarienne d'évaluation foncière à cette fin.

5. (1) Si le règlement administratif est adopté avant le dépôt du rôle d'évaluation lié à l'imposition de l'année courante, les impôts qu'il précise sont prélevés :

a) d'une part, sur les biens imposables selon le rôle d'évaluation sur lequel se fondent les calculs aux termes du paragraphe 4 (3);

b) d'autre part, s'il le prévoit, sur les biens imposables ajoutés, après son adoption, au rôle de perception lié à l'imposition de l'année courante.

(2) Si le règlement administratif est adopté après le dépôt du rôle d'évaluation lié à l'imposition de l'année courante, les impôts qu'il précise sont prélevés :

a) d'une part, sur les biens imposables selon ce rôle d'évaluation, dans sa version révisée la plus récente qui est en vigueur avant l'adoption du règlement administratif;

b) d'autre part, s'il le prévoit, sur les biens imposables ajoutés, après son adoption, au rôle de perception lié à l'imposition de l'année courante.

6. (1) La somme prélevée aux termes du règlement administratif sur un bien pour une année est déduite des autres sommes prélevées sur le bien pour l'année qui sont payables au conseil qui prélève les impôts.

(2) Si la somme prélevée aux termes du règlement administratif sur un bien pour une année est supérieure au total des sommes prélevées sur le bien pour l'année qui sont payables au conseil qui prélève les impôts, le trésorier du conseil rembourse la somme excédentaire au plus tard 21 jours après avoir donné l'avis exigeant le paiement des impôts définitifs qui sont payables pour l'année aux termes de l'article 257.7 de la Loi et de l'article 21.1 de la *Loi sur l'impôt foncier provincial*.

7. (1) Le présent article s'applique à l'égard des biens sur lesquels sont prélevés des impôts aux termes, à la fois, de l'article 257.7 de la Loi et de l'article 21.1 de la *Loi sur l'impôt foncier provincial*.

(2) Pour l'application des articles 257 et 257.10 de la Loi et du paragraphe 21.1 (7) de la *Loi sur l'impôt foncier provincial*, le montant des impôts provisoires prélevés aux termes du règlement administratif sur un bien pour l'année courante est réparti entre l'imposition prévue à l'article 257.7 de la Loi et celle prévue à l'article 21.1 de la *Loi sur l'impôt foncier provincial* selon la proportion qui existe entre les impôts prélevés aux termes de chaque article l'année précédente sur les biens qui, cette année-là, appartenaient à la catégorie de biens à laquelle le bien appartient pendant l'année courante.

The Table of Regulations shows the regulations contained in the Revised Regulations of Ontario, 1990 and those made after December 31, 1990 and before July 1, 1999. It also shows the amendments to those regulations.

Most of the listings are in English only. Some regulations have an official French version. Bilingual regulations are indicated by a bilingual title.

Occasionally numerical, typographical or other clerical errors are made in the publication of the text of regulations. Corrections are published in *The Ontario Gazette*. A schedule of the dates these corrections were published is included at the end of this Table.

The dates on which regulations were published in *The Ontario Gazette* are set out in a table immediately following this Table.

The abbreviation "Rev." means revoked.

The abbreviation "Exp." means expired.

La plupart des entrées ne figurent qu'en anglais. Quelques règlements ont une version française officielle et leur titre est indiqué dans les deux langues.

À l'occasion, des erreurs d'écritures, notamment d'ordre numérique ou typographique, se glissent dans le texte des règlements qui sont publiés. Des corrections sont publiées dans la *Gazette de l'Ontario*. Les dates auxquelles ces corrections ont été faites figurent dans l'annexe qui se trouve à la fin de cette Table.

Les dates auxquelles les règlements ont été publiés dans la *Gazette de l'Ontario* figurent dans la table qui suit celle-ci.

L'abréviation «Rev.» indique que le règlement est abrogé.

L'abréviation «Exp.» indique que le règlement est périmé.

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs*, préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs,* préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs,* préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

(10) The following expenditures are not qualifying expenditures in respect of an eligible Canadian sound recording:

"A" is the sum of the qualifying expenditures of the company in the taxation year, and

"B" is the amount of all government assistance in respect of the qualifying expenditures described by "A" that, when the company's return is required to be delivered under section 75 of the Act for the taxation year, the company has received, is entitled to receive or may reasonably be expected to be entitled to receive.

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs,* préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :

Bilingual Lexicon of Legislative Terms

New Edition

This new edition of the *Bilingual Lexicon of Legislative Terms,* prepared by the Office of Legislative Counsel, is the result of a complete review of the 1992 edition. Every entry in that edition was checked against our statutes database. Hundreds of obsolete entries were deleted and thousands of new entries were added. These changes were based on a scanning of the Revised Statutes of Ontario, 1990 and of annual statutes to the end of 1997. Bilingual regulations were not scanned for the purpose of this edition, with the exception of the Rules of Civil Procedures and a few similar regulations.

We hope that this updated edition of the *Lexicon* will reflect even more accurately the terminology used in Ontario's statutes, and that users will find it as complete, practical and reliable a reference work as the previous editions.

Copies of the Lexicon may be purchased for $30.47 ($26.50 plus $1.85 (7%) GST, plus $2.12 (8%) PST) in person or by telephone, fax, or mail order through **Publications Ontario** at the address and at the following numbers:

Lexique bilingue de termes législatifs

Nouvelle édition

Cette nouvelle édition du *Lexique bilingue de termes législatifs,* préparée par le Bureau des conseillers législatifs, constitue une refonte complète de l'édition de 1992. Des centaines de termes désuets figurant dans la précédente édition ont été retranchés; en revanche, des milliers de nouveaux termes viennent enrichir l'ouvrage. Le choix des entrées et des contextes se fonde essentiellement sur le dépouillement des Lois refondues de l'Ontario de 1990 et sur celui des lois annuelles jusqu'à la fin de 1997. Les règlements bilingues n'ont pas été dépouillés, à l'exception des Règles de procédure civile et de quelques règlements analogues.

Nous souhaitons que cette édition mise à jour reflète encore plus fidèlement la terminologie utilisée dans les lois de l'Ontario, et nous espérons que ses usagers y trouveront un instrument de travail aussi complet, pratique et maniable que les éditions précédentes.

On peut se procurer des exemplaires du Lexique au prix unitaire de 30,47 $ (26,50 $ plus 1,85 $ (7 %) TPS, plus 2,12 $ (8 %) TVP) en personne ou par téléphone, télécopie ou commande postale auprès de **Publications Ontario** à l'adresse et aux numéros suivants :
